

## REQUEST FOR QUALIFICATIONS

The City-County Board of Health for Lincoln County is requesting Statements of Qualifications from engineering and environmental consulting firms to provide the services of an Institutional Controls Consultant for the Libby Asbestos Superfund Site. The Consultant would focus

on implementation of portions of a Work Plan to be entered into between the Board of Health and the United States Environmental Protection Agency, with the primary goal of the project being a written plan containing proposed local health regulations to manage the public's exposure to Libby Amphibole at the Libby Asbestos Superfund Site to prevent or ameliorate adverse impacts to human health and the environment.

Women, minorities, and other disadvantaged business entities are encouraged to apply.

Copies of the detailed Request for Qualifications (RFQ) which includes a description of the services to be provided by respondents and the minimum content of responses can be obtained by contacting Kathi J. Hooper, Director, Lincoln County Environmental Health, at (406) 283-2440, or by emailing

khopper@libby.org. All responses to the RFQ must be received at the following address: Attention: Kathi J. Hooper, 512 California Avenue, Libby, Montana 59923, or hand delivered to the same address, by 5:00 PM (local time) on December 30, 2011.
